

## My Testimony

Xiaolei

When I was four or five years old, I always felt nervous during sunset every day. I always thought that the sun is going to sink, and this reminded me of people's lives, in which everyone dies eventually. I didn't like the thought of dying; it was a scary feeling for me. I didn't know why a little kid like me had such weird thoughts until I came to believe in God many years later. I got the answer in the Bible: "He has created everything beautiful in its time. He also set eternity in the hearts of men." (Ecclesiastes 3:11)

I grew up in a rural village in China, and my family was poor. My father is a carpenter and my mom is a common housewife. I did not grow up in good conditions and my path to education was not smooth. But God has had so much love and mercy on me even though I didn't know him back then. To be honest, I couldn't stand here without God's help.

Although life became better and better, the fear that started in my childhood still remained. Like many other Chinese people, I didn't know the meaning of life, and I didn't know the truth. I struggled only for money; my heart always felt empty; sooner than later I became very tired of my life.

After I came to America, I started to go to church to improve my English. Then I had some chances to listen to the Gospel of Christ Jesus. I realized that he is the answer to my haunting question, and he is the way and the truth and the life for me. Since I accepted Christ Jesus as my Lord, I never had any fear any more. He is my savior, I know he has conquered the death, and I will also rise up from death to eternity if I follow him with all my heart.
